## ABOUT US

VG Group is a forward-thinking, Caribbean-based conglomerate specializing in the design, construction, and transformation of interior and exterior spaces. What began as a bold vision to reimagine how people interact with their environments has evolved into a multifaceted company that merges functionality, beauty, and sustainability.

At the heart of our work is a commitment to creating harmonious, nature-inspired spaces that reflect the unique lifestyles and needs of our clients. We serve both residential and commercial sectors through five specialized divisions: VG Construction, VG Landscape, VG Pools and Spa, VG Realty, and VG Stores. Each division shares a unified vision—to deliver innovative solutions through craftsmanship, collaboration, and care. From building strong foundations to shaping tranquil landscapes, luxurious pools, and guiding real estate experiences, VG Group provides a seamless, full-service journey from concept to completion.

What sets us apart is not only the range of our expertise but the depth of our dedication. Every project is executed with technical precision, design excellence, and an unwavering respect for the environment. We prioritize quality workmanship, transparent pricing, and timely delivery while adhering to the highest standards of safety, ethics, and regulatory compliance.

We believe that great spaces tell powerful stories—and we're proud to help bring those stories to life. With passion, attention to detail, and a drive to exceed expectations, we ensure that every space we create is more than just built—it's inspired.

# EXECUTIVE CHAIRMAN

## LAMBERT NEVINS, MBA

Lambert Nevins is a Jamaican-born business leader with over 15 years of proven expertise in project management, general construction, landscaping, ornamental horticulture, and facilities management. His career spans successful collaborations with prominent private and public sector entities, including UDECOTT, Sandals Resorts, and Heritage Petroleum, where he has consistently delivered high-impact, results-driven projects.

After relocating to Trinidad, Mr. Nevins founded Pro Virogreen Landcare—an enterprise rooted in environmental sustainability and aesthetic transformation. This initiative laid the foundation for what would eventually evolve into VG Group International Holdings, a dynamic conglomerate encompassing all his professional interests in land development, environmental solutions, and site beautification.

Under his strategic leadership, VG Group continues to grow as a multifaceted entity with a clear vision: to transform its business divisions into independent, high-performing subsidiaries, expanding into sectors that complement the company's core strengths. His direction emphasizes innovation, sustainability, and regional integration, positioning the Group as a forward-thinking player in the land care and environmental services industry.

# EXECUTIVE DIRECTOR

## HUGH BUCHANAN

Mr. Hugh Buchanan brings nearly two decades of dynamic, cross-sector experience to his role as Executive Director at VG Group. With a proven track record as a Developer, Financial Advisor, Educator, and Parliamentarian, he exemplifies visionary leadership and strategic adaptability.

Mr. Buchanan's diverse professional journey spans teaching, coaching, public service, and financial consultancy. He has held key positions such as Lecturer and Acting Director of Sports at Moneague College, Member of Parliament, and Board Member of ParlAmericas—each role highlighting his commitment to nation-building and youth empowerment.

A passionate advocate for education and skills development, Mr. Buchanan began his leadership journey at Black River High School and has since championed initiatives that prepare the next generation for success in both academic and vocational pathways.

His service in the Jamaican Parliament included roles on several key committees, such as the Public Accounts Committee, Ethics Committee, Internal and External Affairs Committee, and the Human Resource Committee.

Mr. Buchanan's holistic leadership and multifaceted expertise position VG Group at the forefront of the Caribbean's construction industry, driving sustainable growth and regional impact.

# Vision Mission

## Our Vision

To continually divest, diversify, innovate, recycle, and expand services in construction and holistic space management, incorporating environmentally friendly methodologies, accentuated by comfort and style.

## Our Mission

At VG Group, we turn bold ideas into tangible spaces. Rooted in the belief that great design bridges purpose and innovation, our mission is to transform visionary concepts into sustainable, high-performing environments that elevate everyday living. From residential to commercial projects, we deliver solutions that reflect our clients' aspirations—where vision meets reality, and every detail speaks to quality, function, and future-forward thinking.

# ETHICS, VALUES & STRATEGY

## OUR CODE OF ETHICS

At VG Group, we are guided by a strong ethical foundation rooted in integrity, fairness, and respect. We prioritize the interests of our clients and the reputation of our company above personal agendas, ensuring that quality is never compromised and all operations remain within the bounds of the law. We are committed to fostering an inclusive environment free from discrimination of any kind, including age, gender, nationality, disability, political affiliation, and religious or cultural beliefs. Fair competition, transparency, and mutual respect for our peers and professionals across the industry are central to how we do business.

## OUR CORE VALUES

- To remain committed to ecological preservation, integrating sustainable and green practices across all our operations.
- Deliver superior quality in every project.
- Conduct our business with honesty, fairness, and ethical accountability.
- Retain top-tier talent by investing in continuous learning, growth, and empowerment of our team.
- Embrace innovation and adaptability to meet evolving challenges with forward-thinking solutions.

## OUR STRATEGY

VG Group's operational strategies are anchored in past successes of expanding, diversifying and developing individual entities based on integrated operations that complement each other.

## OUR ENVIRONMENT, SAFETY & CORPORATE SOCIAL RESPONSIBILITY

At VG Group, we view environmental stewardship, workplace safety, and community engagement not just as obligations, but as core pillars of our identity. We recognize that the long-term success of our operations is inherently linked to the wellbeing of the environments and communities we serve.

We are committed to minimizing our environmental impact through sustainable practices, responsible sourcing, and the use of properly sourced products across all operations. From reducing our carbon footprint to promoting green innovation, VG Group continuously seeks new ways to preserve and protect natural resources. Our teams are trained to adopt eco-conscious methods that align with global environmental standards and support the planet's future. Safety is at the heart of everything we do. We maintain rigorous health and safety protocols that adhere to both local and international guidelines, including OSHA standards. All employees are required to wear proper protective gear, and all worksites are clearly cordoned off to prevent accidents and ensure the safety of our staff, clients, and the public. Our culture of accountability and proactive safety training ensures that every individual takes responsibility for maintaining a secure working environment.

VG Group actively champions initiatives that support community development, education, and environmental awareness. We go beyond legal compliance by identifying opportunities to uplift the communities we impact. Through partnerships, sponsorships, volunteerism, and local outreach, we strive to foster positive relationships and drive meaningful change. Our CSR strategy is embedded in our daily operations and long-term goals, ensuring that we remain a force for good in every region we operate.

# OUR FUTURE

---

At VG Group, we are committed to setting the standard for quality, sustainability, and innovation across all our service offerings. As we look toward the future, our focus remains steadfast on delivering superior quality, ensuring safety, enhancing aesthetic appeal and functionality, and prioritizing the well-being of our clients.

We pledge to uphold the synergy between innovation and excellence in production. Our future success depends on our ability to identify and seize opportunities for profitable growth. To achieve this, our strategic priorities are as follows:

- To surpass competitors by adopting cutting-edge trends, technologies, equipment, and tools across all industries we serve.
- To place our clients at the heart of everything we do—consistently exceeding expectations and delivering a truly satisfying experience.
- To optimize operational performance and drive long-term success.
- To champion environmentally responsible practices in all aspects of our operations.
- To foster a culture of continuous improvement through employee training, leadership development, and innovation.
- To build strong, long-term partnerships with clients, suppliers, and stakeholders.
- To enhance brand reputation through consistent delivery, transparent practices, and impactful results.

## OUR MILESTONES

Since its inception, VG Group has been shaped by vision, resilience, and an unwavering commitment to excellence. From humble beginnings to becoming a diversified leader across multiple industries, each chapter of our journey reflects bold decisions, transformative growth, and a dedication to creating value. Our milestones represent not just the passage of time, but the evolution of a company built on purpose, passion, and performance.

### 2012–2015: Foundations of Growth

VG Group began with the creation of Pro Virogreen Landcare in 2012, founded by Lambert Nevins, a Jamaican national with expertise in agriculture, ornamental horticulture, and landscaping. Starting as a residential landscaping company, Pro Virogreen quickly expanded to serve public sector clients, offering facilities management for homes and government offices alike. Between 2012 and 2015, the company experienced remarkable revenue growth, driven by a skilled team of 25 full-time and 15 part-time staff. Its services expanded to include landscaping, construction, and custom-designed swimming pools and spas. Despite a later decline in public sector demand, the company successfully pivoted to strengthen its position in the residential swimming pool market—marking its first major transformation and a strong foundation for VG Group’s future growth.

### 2018: Strategic Portfolio Separation

In 2018, VG Group responded to market perception that landscaping and pool services required distinct expertise. To address this, the company strategically separated its offerings, leading to the launch of GoTo Pools and Spa. The move proved effective — GoTo Pools and Spa experienced an immediate surge in contracts and market demand.

### 2019–2021: Consolidation and Expansion

In 2019, VG Group was officially formed to meet rising demand for trusted residential construction services. Building on the success of separating portfolios based on market needs, the company unified its service lines under one umbrella with divisions including VG Construction, VG Landscape, and VG Pools and Spa. By 2021, VG Group expanded further with the launch of VG Realty for property listings and VG Stores, an online supply hub offering construction materials to both internal teams and external contractors — a strategic move toward backward integration.

# OUR BRAND

VG Group offers a distinctive suite of services rooted in uncompromising quality, integrity, and a commitment to doing things right. We take pride in delivering concierge-style service defined by excellence, timely execution, and a strong emphasis on environmental stewardship, health, and preservation.

Our guiding mantra, **“Always Doing It Green — Connecting You with Nature,”** reflects our mission to help clients embrace eco-conscious living. Whether residential or commercial, we provide solutions that prioritize sustainable practices and green innovations within any budget. At VG Group, we believe every space should harmonize with nature. Across all our projects, we integrate environmentally friendly methods to promote greener, healthier environments.

Looking ahead, VG Group continues to diversify and expand its offerings — from construction and holistic space management to enhancing VG Realty, VG Stores, and introducing new, innovative services that align with our green-first philosophy and pursuit of comfort, function, and style.

## OUR PARTNERSHIP

To fully execute our mission of delivering high-value, integrated solutions under the VG Group umbrella, we actively seek strategic partnerships with diverse suppliers and contractors. These collaborations enable us to offer our clients the best products and services at optimal value, while maintaining our commitment to quality, innovation, and sustainable growth.

# PROJECT MANAGEMENT

**Precision, Efficiency,  
and Excellence.**

Comprehensive Project Management  
Solutions Tailored to Every Vision

## Your Vision: Fully Managed

At VG Group, we understand that successful projects are built on more than just vision—they require structured planning, precise coordination, and unwavering accountability. That's why we offer full-spectrum project management services that integrate every phase of a project's lifecycle, ensuring efficiency, excellence, and client satisfaction from start to finish.

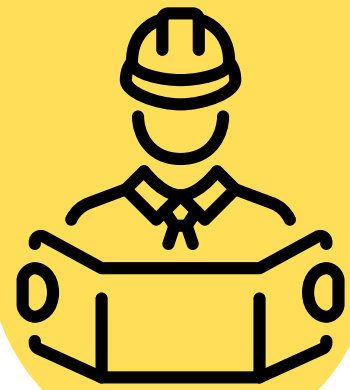

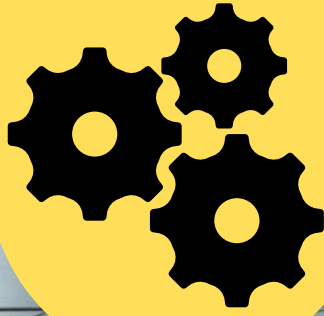

Our project management team brings together seasoned professionals with diverse expertise across construction, landscaping, property development, and sustainable design. We serve as the single point of coordination, streamlining communication across contractors, suppliers, and stakeholders to keep projects on track, on budget, and aligned with our clients' goals.

From initial concept development and budgeting to procurement, scheduling, execution, and final handover, VG Group's project management services are tailored to each client's unique needs. We adapt to the scale and complexity of every project - whether it's the construction of a private villa, the development of a commercial space, or the installation of a custom swimming pool and spa.

We pride ourselves on maintaining the highest standards of transparency and professionalism throughout each engagement. Regular progress updates, milestone reviews, and quality control checkpoints are built into our process to ensure that all parties remain informed and aligned every step of the way.

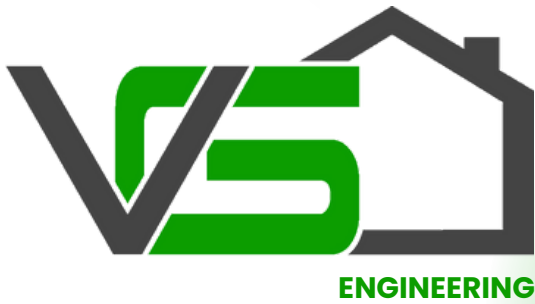

Sustainability is also at the heart of our project management approach. In line with our mantra, "Always Doing It Green," we integrate environmentally responsible practices into our planning and execution, promoting eco-conscious solutions without compromising on functionality or style.

By choosing VG Group, clients gain more than just a service provider — they gain a committed partner who is invested in bringing their vision to life with clarity, care, and unmatched quality.

**ENGINEERING**

Innovative engineering solutions designed to build smarter, stronger, and more sustainable spaces.

## ABOUT US

Welcome to VG Engineering — the foundation of innovation within VG Group. At the core of our operations, VG Engineering delivers advanced construction solutions that redefine industry standards. With a focus on precision, efficiency, and sustainability, we bring visionary designs to life with engineering excellence. Our dedicated team of professionals ensures every project is expertly managed from concept to completion. Through seamless coordination and disciplined execution, we guarantee on-time delivery and outstanding results. At VG Group, we don't just build structures — we build trust, turning bold ideas into successful realities.

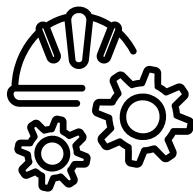

## OUR SERVICES

VG Engineering Department specializes in a myriad of services crucial to the success of construction projects. We pride ourselves on delivering solutions that prioritize efficiency, sustainability, and clientsatisfaction. Some key engineering services we offer include:

- Structural Engineering Civil Engineering
- Mechanical Engineering Electrical Engineering
- Geotechnical Engineering
- EnvironmentalEngineering Project Management
- Feasibility Studies
- Permitting and Regulatory Compliance
- Quality Assurance and Control Construction Documentation

## OUR COMMITMENT

we are driven by a commitment to excellence, innovation, and client satisfaction. Every project is approached with a tailored, client-focused strategy designed to meet unique goals and overcome specific challenges. Our unwavering dedication to quality, safety, and sustainability positions us as a trusted partner in construction. Whether managing large-scale infrastructure or bespoke building projects, VG Engineering delivers the expertise and reliability needed to bring your vision to life — on time, on budget, and beyond expectations.

Building with purpose, precision, and integrity, VG Construction delivers structures that stand the test of time.

## ABOUT US

VG Construction specializes in the design, development, and renovation of residential and commercial projects. We tailor our services to each client's specific goals, offering competitive, cost-effective, and practical solutions that bring their visions to life. Our team remains at the forefront of modern construction trends, blending innovative techniques with timeless design. By continually researching emerging styles, materials, and technologies, we ensure every project reflects current standards while maintaining enduring quality. At VG Construction, client satisfaction is not just a goal — it's the foundation of everything we build.

## OUR SERVICES

VG Construction delivers cutting-edge engineering and technology at cost-effective rates tailored to suit each client's needs and budget. From site evaluation and budgeting to approvals and execution, we ensure every service is customized for comfort, clarity, and satisfaction. We proudly offer a wide range of solutions for both residential and commercial projects, including:

### A. PRECONSTRUCTION SERVICE

**1. Project Assessment** – Our goal is to generate appropriate information so that the overall project is well understood by all involved with the project. This is to ensure solid relationship building for the project.

- We create projects based on each client's unique needs and expectations, including the conceptual size, appearance, and material quality of the structure.
- Our team prepares abstract floor plans and conceptual designs that reflect the client's vision and functional goals.
- We organize and integrate key project personnel, such as design consultants, engineers, and inspectors, to ensure a streamlined and collaborative execution.

**2. Site Evaluation** – Our goal is to ensure the site meets all project requirements while minimizing unexpected costs or complications.

- Create a thorough site master plan.
- Conduct thorough evaluations to confirm that the land is suitable for construction and that the proposed foundation design aligns with site conditions.
- Analyze the capacity and condition of current infrastructure, utilities, and access routes to ensure they can support the proposed development and future growth.

**3. Assistance With Acquiring Approvals** – Our Company's experience with gaining approvals is a valuable asset to fulfilling the client's vision.

- Organize for approval of design to architectural control committees as well as building permits and site plan approvals (e.g. Town and Country Approvals).
- Facilitation of attaining permits from utility providers.

**4. Assessment of Engineering** – The scope of the work is assessed to ensure that it is in compliance with the budget, which is developed from past experience.

- Develop a comprehensive cost estimate by comparing conceptual projections with budgetary requirements.
- Ensure that alternative solutions are provided in relation to cost, scheduling and quality impact.

**5. Cost Management** – An overall evaluation of the scope of works and cost is conducted to ensure that the budget is accurate before the finalization of the design.

- Establish the overall project cost
- Review the estimate collaboratively with the design team and project consultants
- Engage subcontractors for additional input, if required
- Finalize the approved project cost
- Present a structured cash flow management plan to the client

6. **Forecasting** – The forecasting of the entire project is provided to the client from foundation to finish. This is done by ascertaining key milestones, which is utilized throughout the project and aids in motivating us towards project completion in a controlled and scheduled manner.

- Constructional design and related activities, including approval milestones, are clearly defined.
- A projected sequencing plan is provided.

7. **Safety** – A safety plan is implemented to ensure that the safety of every worker on the site is being considered, imposed and fulfilled.

- Verification and compliance with local regulations are adhered to.
- A project detailed safety plan is provided.
- Subcontractors and site visitors are mandated to adhere to safety plan.
- Continuous safety monitoring is provided to ensure implementation.

## B. DESIGN & INSTALLATION OF RESIDENTIAL & COMMERCIAL BUILDINGS

List of services provided:

- Building/Floor Plan design
- Foundations
- Reinforcement
- Roofing
- Tiling
- Tying walls to structure
- Wells, septic tanks, plumbing

VG Construction is founded on delivering superior quality, a highly skilled workforce, competitive pricing, and timely project completion within budget. Our commitment to exceptional workmanship and customer service reflects our core values of professionalism, honesty, and fairness - values that strengthen our relationships with clients, employees, and vendors. As a brand, we are committed to continuous growth by delivering meaningful products, services, and solutions to the markets we serve, while expanding into new areas that align with our strengths and customer needs.

**LANDSCAPE**

DELIVERING EXPERT LANDSCAPING SOLUTIONS THAT ENHANCE  
OUTDOOR SPACES THROUGH THOUGHTFUL DESIGN, SUSTAINABILITY,  
AND SKILLED EXECUTION.

- Phosphate Remover
- Algaecide
- Pool Salt

VG Pools & Spa brings your outdoor vision to life—blending elegance, comfort, and nature to create a space you'll enjoy with confidence, knowing expert care and lasting support are always part of the experience.

Dedicated to helping you find more than just a property - we help you discover a place to call home, invest with confidence, and build a future rooted in value and trust.

## ABOUT US

VG Realty is the full-service real estate division of VG Group Limited. We deliver exceptional real estate solutions rooted in honesty, integrity, and professionalism. Our diverse portfolio includes clients seeking residential and commercial rentals, property sales, and comprehensive property management services.

At VG Realty, we prioritize the operational efficiency and financial performance of every property under our care. Our commitment is to maximize value for our clients while ensuring smooth day-to-day management.

We are also attuned to the growing need for reliable facility maintenance across residential, commercial, corporate, and retail properties. Recognizing that many establishments may lack the resources for full-time staff, VG Realty has built a strong team of qualified in-house technicians supported by a vast network of trusted subcontractors. This enables us to provide flexible, high-quality maintenance solutions tailored to each client's unique needs.

We pride ourselves on delivering premium customer service, maintaining a positive outlook and proactive attitude throughout every stage of the process - because your peace of mind is our priority. Our team ensures that facilities, buildings and grounds receive quality attention, which is enhanced through partnerships with efficient and reliable specialists.

Our maintenance services include:

- Building Maintenance and Repairs
- Renovation and General Improvement Services
- General Repair
- Repair/ Replacement of Facility Assets
- Janitorial services (pressure washing, waste removal, carpet care, etc.)

## OUR SERVICES

### 1. SALE

We provide exceptional services to a diverse portfolio of clients seeking residential and commercial rentals, sales, and property management. We are responsible for the acquisition and provision of real property through:

- Initial Consultation
- Valuation and Pricing Strategy
- Targeted Marketing
- Coordinated Property Viewings
- Document Preparation and Management
- Property Inspections
- Closing Coordination

### 2. MAINTENANCE

In addition to the provision of real estate, we ensure that the property is managed at the highest potential, providing general and preventative maintenance for its property

## THE VG REALTY BRAND

At VG Realty, we are committed to delivering the highest standard of real estate representation and support. Whether serving as buyer or seller agents, we strive to maximize value through professional, proficient, and people-focused service. Our team is dedicated to continuous growth - learning, collaborating, and refining our approach using innovative technologies and sustainable solutions to enhance service excellence at every stage.

YOUR TRUSTED SOURCE FOR QUALITY CONSTRUCTION MATERIALS—  
OFFERING CONVENIENT PURCHASING AND RELIABLE SOURCING  
SOLUTIONS TO MEET EVERY BUILDING NEED.

# ABOUT US

VG Stores is the dedicated supply arm of VG Group, providing high-quality construction materials for projects of every scale. We specialize in sourcing and delivering reliable, cost-effective building supplies - ensuring our clients have seamless access to the materials they need, when they need them. Whether you're building, renovating, or maintaining, VG Stores supports your project with trusted products and dependable service.

## OUR SERVICES

### 1. SPECIAL ORDERS

If a specific product isn't available in our warehouse, customers can place an order with us - we'll gladly source it, securing the best quality at the most competitive market price.

### 2. FREE QUOTES

We are happy to prepare custom quotations based on the items customers wish to purchase, ensuring the best possible pricing tailored to their budget.

### 3. PRODUCTS

We specialize in supplying essential materials for construction projects, offering a wide range of products including Grade A blocks, premium and eco cement, steel, lumber, doors, and more. Our team is made up of experienced contractors and project managers who are committed to ensuring that every product we provide meets the highest standards of quality.

## THE VG STORES BRAND

VG Stores is committed to delivering exceptional service, a wide selection of quality products, and the most competitive prices in the market. As a values-driven company, we strive to make every home improvement and construction experience rewarding, seamless, and successful. Guided by strong business ethics and a passion for building lasting relationships, we take pride in offering superior customer service—earning the trust and confidence of those we serve for years to come.

# TESTIMONIALS

**JANELLE JONES**

Our home is approximately one month away from completion. Just as everything in life, you would experience challenges, but Nevin has been there every step of the way reassuring, answering my many questions, and providing assistance, clarification and suggestions when needed. I love and appreciate all the updates I get in the form of pictures and videos. Such a blessing to go through the construction of my homewith such a great team. If you are looking for a hardworking, dedicated, responsible construction team, VG Group is the company for you.

**Anushka Seesaran-Mohammed**

My husband and I retained the VG Group to build our home. It is still in the process of being built and during this time, they keep in constant contact with us. The staff and managers send us daily updates and provide practical ideas to improve the structure and design. We would recommend their services because of their professionalism and attention to detail.

**AMEEL MOHAMMED**

A company that goes beyond its limits to deliver and make the customer happy, never will you find that they only give you what the contract has, it's always more for the same price, also very friendly and trustworthy staff. I recommend GOTO Pools & Spa, 100%.

**JADE WILLIAMS**

VG Group is truly an amazing team of hardworking professionals. The managers are very flexible and always go the extra miles. I am very pleased with my new home.

**GARETH POLLARD**

Lovely work of landscaping. This company's work stands out
